L.A. Attempts Saddle Torrance With All of Bonds

(Continued from page 1-A)
issue of Aug. 1, 1924, for \$106,884.86.
Reconstruction and rehabilitation of the main and shop building was provided for on June 1, 1931, in an issue of \$82,695.66.
The boys' physical education building and rehabilitation was paid for in an issue of Jan. 1, 1936 for \$25,681.25.

Oddly enough, Los Angeles is asking \$1,663.85 for the fixtures which the Superior court said belong to Torrance, in Fern avenue and Torrance elementary schools, and \$3,202.45 for fixtures at Torrance high school. The Superior court decree which preserved the 11 bungalows and real estate of the district stated that Torrance was entitled to all fixtures, and they were defined by a Board of Arbitration.

Nothing is said of the high school auditorium nor the new Fern avenue addition, but it is presumed that they were built from the Torrance donations to the "pay as you go" building fund.

Superintendent of Schools Hull said that he had received assurance from the county office that only unpaid balances on bond issues would be assumed by Torrance.

It will be necessary for the county auditor to compute the actual amount that will be transferred, since a considerable sum of these bonds has already been retired. Trillingham's office informed Hull.

RESISTANT ALFALFA
Production of a single variety of alfalfa resistant to bacterial wilt, dwarf, leaf spot, and downy mildew is the goal of an alfalfa breeding program under way on the Davis campus of the University of California.

McKenzie Gets 1-10 Years For Stabbing Death

Ruth Helton "Sunny" McKenzie, convicted of manslaughter in the fatal stabbing of her fiancé Jack Clifford Floyd in her apartment in Torrance last March 12, was sentenced yesterday in Superior court to one to ten years imprisonment in the Tehachapi Prison for Women by Judge William R. McKay.

Judge McKay denied probation on McKenzie's plea of guilty to the manslaughter charge and commented that he had "received many letters attesting to Miss McKenzie's fine character but it is impossible for me to grant probation. I'm only the umpire in cases like this."

She was originally charged with first degree murder in the slaying of the Torrance research chemist, but was allowed to plead guilty to the lesser charge in an agreement between her attorneys and the prosecution.

Floyd was stabbed to death in what Miss McKenzie said was a "playful tussle," but Torrance police filed murder charges after investigating.

ANNOUNCE WELL REDRILLING IN TORRANCE FIELD

The Guy A. Kelley company is redrilling a well in the Torrance Field No. 1, according to the periodical bulletin issued by the California Department of Natural Resources, Division of Oil and Gas.

Deepening or redrilling jobs this year number 495 as compared to a total of 466 for the same period last year.

BUTTERFLY CONTROL
Alfalfa butterfly control districts, inaugurated by staff members of the University of California College of Agriculture, have quadrupled in the past year.

Torrance Rotary Gets L.C.P.R. For Sea Scouts

E. A. Greene, Harbor district executive, Boy Scouts of America, announced today that the United States Navy has released 87 craft for use as Sea Scout boats to the Boy Scouts of America in Region 12, which takes in Arizona, Nevada, California, Utah and the Hawaiian islands. One is assigned to Torrance.

The Harbor district of the Los Angeles Area council required 3 LCPR's, 36 feet in length with diesel engines, for use of Sea Scouts in the Harbor district.

One will be assigned to the new Sea Scout unit which is to be sponsored by the Knights of Pythias, of Wilmington.

The other is to be assigned to the Sea Scout ship to be sponsored by the Torrance Rotary club.

The third has been assigned to the Gardena Sea Scout ship sponsored by the Gardena Valley Youth association. The San Pedro ship, under the leadership of Al Larson, already has motor-

REDONDO BROTHERS GRANTED PERMIT FOR POOL HALL

The Torrance City Council Tuesday night granted a permit to the Mohr Brothers Enterprises of Redondo Beach to operate a billiard pool hall at 1413 Craven ave., formerly the location of Allen's restaurant.

Granting of the permit was recommended by Chief of Police John Stroh, who stated that the Mohr brothers are highly recommended by the authorities of Redondo Beach, and will operate a first class establishment.

Torrance School Tax Proposal Wins Approval

(Continued from page 1-A)
Torrance high school, 301 "yes" and 130 "no"; Waiteria, 63 "yes" and 60 "no."

The endorsement of the tax raise by the people of the Perry district indicates their approval of the school program which the Torrance City Board of Education is drafting. They have endorsed an extremely low rate in the past due to the Perry district's high assessed valuation, and disapproved of the City Charter at the Aug. 20 vote because they did not want to give up their identity as a separate school district.

The Torrance City School District came into being effective July 1, with the adoption of the City Charter which provides for such a district.

Dr. Howard A. Wood, president of the Board of Education, yesterday thanked the voters for their expression of confidence in approving the tax proposal. "We have promised the people of Torrance the finest school system in the southwest," he said. "It appears that our efforts for the first year will be properly financed."

Superintendent of Schools J. H. Hull declared that the administration can now proceed with the full program as outlined, and that every effort is being made to create the finest schools at the lowest possible cost to the people. He likewise expressed his appreciation for the endorsement of the voters Tuesday.

CHINA AID
The entire American Red Cross relief program in China, which involved assistance valued at nearly 10 1/2 million dollars and benefited an estimated 27 1/2 million Chinese, was carried on with a peak American Red Cross staff of ten persons.
